## 1. Summary

- 1.1 This report provides information to the Committee about the work programme setting process. Managing the work programme is an important part of an efficient and effective Overview & Scrutiny Function.

## 2. Recommendations

- (i) **The Children and Young People Services Scrutiny Committee is recommended to review the items listed within the work programme document in light of the current, and likely continuing, Covid pressures and agree priorities and timescales.**

## 3. Purpose of this Report

- 3.1 To present the Scrutiny Committee with the revised Work Programme document for review to prioritise items for future consideration.

## 4. Background

- 4.1 A comprehensive work programme is fundamental to the effectiveness of the Scrutiny Committees as it enables them to plan and manage their workloads to make best use of the available time and resources, ensure a focus on the Borough's priorities and add the most value to the performance of the Council and outcomes for residents.
- 4.2 The attached work programme document is designed to record and monitor the activity for the Committee to effectively manage the workload and plan for future meetings. Each column of the work programme table provides key information about each item including a description of the issue and purpose of scrutinising it. The document lists each of the items agreed by the Committee during the work programme setting process undertaken in July 2021.
- 4.3 Members are requested during this unprecedented period of demand on officer time caused by the COVID-19 Pandemic to give particular consideration to the resource implications and

requirements of the work programme decisions.

## **5. Reviewing the Work Programme**

- 5.1 When reviewing the work programme, new items can be added and items that no longer require scrutiny or are not considered to be a priority for action or monitoring can be removed.
- 5.2 When considering whether to add, remove and prioritise items for consideration Members should be mindful of the following:
- Would the Committee be able to add value through its work on the issue?
  - Is the issue linked to a Borough Priority?
  - Is the issue a priority/concern for partners, stakeholders and the public?
  - Is the issue related to poorly performing services?
  - Is there a pattern of budgetary overspends?
  - Are there significant levels of public/service user dissatisfaction with the service?
  - Has there been media coverage of the issue?
  - Is the issue related to new Government guidance?
  - Would consideration of the issue be timely?
  - Are there sufficient resources to effectively consider the issue at this time?
  - Would Scrutiny be duplicating work being undertaken elsewhere?
  - Is the matter subject to judicial review (sub judice)?
- 5.3 The Work Programme Prioritisation Aid attached to this report is designed to assist members in considering whether a suggested addition to the work programme is suitable and meets the necessary criteria. If members consider that a suggestion would not be suitable for scrutiny, the Scrutiny Committee could choose to refer the matter elsewhere. If an item is considered to be an important issue but not a priority at this time an item may be added to the end of the work programme to be monitored for further consideration in the future.

## **6. Consideration of Alternatives**

- 6.1 None

## **7 Conclusions**
